305	Now I would like to get your opinion on some aspects of family life. Please tell me if you agree or disagree with each statement. There is some work only for men and some work only for women, and they should not be doing each other's work. A woman's place is not only in the household but she should be allowed to work. If the wife has a job outside the home then the husband should help her with the children and household chores. A twenty-five year old woman who has a good job but is not yet married is to be pitied. If girls are educated it should be to prepare them for jobs not just to make them better mothers and wives. A woman who has a full-time job cannot be a good mother. If a women wants a good life she should not have more than three children. If a wife disagrees with her husband she should express her opinion not keep quiet.			DIS- AGREE	AGREE DK
