INTRODUCTION AND CONSENT

Hello. My name is \_\_\_\_\_. I am working with Ministry of Health. We are conducting a survey about health and other topics all over Nepal. The information we collect will help the government to plan health services. Your household was selected for the survey. The questions usually take about 60 minutes. All of the answers you give will be confidential and will not be shared with anyone other than members of our survey team. No part of this interview is being recorded in tape or video. You don't have to be in the survey, but we hope you will agree to answer the questions since your views are important. If I ask you any question you don't want to answer, just let me know and I will go on to the next question or you can stop the interview at any time.

Do you have any questions?  
May I begin the interview now?
