INTRODUCTION AND CONSENT

Asalum-o-Alaikum. My name is \_\_\_\_\_. I am working with National Institute of Population Studies. We are conducting a survey about health and other topics all over Pakistan. The information we collect will help the government to plan health services. Your household was selected for the survey. The questions usually take about 60 to 90 minutes. All of the answers you give will be confidential and will not be shared with anyone other than members of our survey team. You don't have to be in the survey, but we hope you will agree to answer the questions since your views are important. If I ask you any question you don't want to answer, just let me know and I will go on to the next question or you can stop the interview at any time.

In case you need more information about the survey, you may contact the person listed on the card that has already been given to your household.

Do you have any questions?  
May I begin the interview now?
